by BOB CRAIG

Along with all of the people of Hamlin we would like to extend our congratulations and best wishes to the Piperettes on their winning of the district championship and in their bi-district clash with Olney Monday night in Albany.

These girls have worked hard for this honor and deserve public support.

It is real fine to see so many of the merchants remodeling and fixing up their stores. I don't know of a town in West Texas that has worked as hard as our local merchants in trying to serve their customers better.

During this coming week the local schools will hold open house again this year. We would urge all of the public to take advantage of this opportunity to see what our children are doing in school.

The kids have worked long and hard getting ready for this annual event and deserve the support of the public.

With all of the talk about federal aid to education you hear these days this would be a good opportunity to talk with the teachers and administrators and find out for yourself what the needs are locally.

# Preparing for FLIGHT

The beautiful breezy skies turn our eyes upward to watch the flight of the kite and the soaring of the airplane. The pilot must prepare for his flight in order to remain aloft, to reach supersonic speeds, to soar to highest blue sky. In our lives, to prepare for the speed of our times, and to pave the way for soaring to

The Church is God appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Sounds unbelievable for a Chrysler. But it's true. And we're ready to prove it to you.

Considering the full-size value you get in a Newport 4-door sedan, we can appreciate why so many ask us to prove that a Chrysler can be priced so low.

We're always happy to.

Because we can talk about full-size comfort; big, booming V-8 power (fed by economical regular gas); rich fabrics; lush carpeting. Plus America's best and longest new-car warranty † - 5 years or 50,000 miles.

So why not compare the facts, the figures, the features, with any car anywhere. We think you'll find the \$2964 Chrysler sizing up as the finest value in town.

Your Chrysler dealer's ready with the proof.
